## What Will They Think of Next?

As we know there may come a time when our mobility issues may prevent us from enjoying caravanning. Well, here's a solution!

#### **Volunteer at a Caravan Show**

Do you love caravanning and camping? Do you like attending the industry caravan shows, if you do, have we got an opportunity for you, please read on.

Due to the growth and some changes in the way we will conduct these events we have opportunities for volunteers to assist us

We are looking for people to be part of our volunteer team who will work on 4 hour rosters. You can work as much or as little as you like.

Why not put in an expression of interest to info@ciavic.com.au.

# Amnesia used to be my favourite word, but then I forgot it.

# **State Rally Zones**

A proposal for dividing the state into zones so as to make it sustainable for clubs to participate in organising future State Rallies was distributed last year and as no objections have been received the zoning will now be adopted.

The list below shows the zones number, years of rally, zone name and clubs in the zone.

- 1. 2016 Metro RACVCC Div 1 Div 5
- 2. 2018 Hume Cobram, N E Vic, Jayco Owners & NE Rovers
- 3. 2020 Loddon Mallee A/Van, Central, Bendigo & Aussie Adv
- 4. 2022 Grampians Ballarat, Wimmera, Knox & Masonic
- 5. 2024 Barwon Geelong, Western Dist, ATCM&CC & Coromal
- 6. 2026 Gippsland Victoria, Gippsland, Combined & Jayco Nomads

As you would expect rallies will rotate through the list, so each zone will have an opportunity every 12 years.

# **Caravan Regulations**

As well as having a registered and roadworthy caravan and towing vehicle, owners need to be aware of load limits.

Under no circumstances should the total mass of the loaded caravan exceed the lesser of:

- the maximum mass as specified by the caravan manufacturer;
- the towing limits recommended by the towing vehicle's manufacturer; or
- the rating of the towbar.

Exceeding these limits is illegal and can also void both mechanical warranties and insurance cover.

Further regulations also prevent:

- anything to be towed behind the caravan;
- anyone riding in the caravan while it's in motion;
- towbar equipment obstructing the vehicle number plate when the caravan has been disconnected.

If you are travelling interstate with your caravan, check individual State or jurisdiction regulations with the relevant authority, before you leave.

Only a standard driver licence is required to tow a caravan. P2 probationary licences can tow caravans. P1 probationary licences cannot tow unless it is for work and at the request of an employer; or an experienced driver is sitting beside him/her and a 'driver under instruction' plate is attached to the front and rear of the vehicle. L-platers cannot tow.

### Chairman's Chatter

A belated Happy New Year to all our club members and best wishes for 2014. This is our first newsletter for the year which I hope will provide our clubs and members with the stimulus to offer your service to assist with the club activities. It is always better if we offer to fill positions and give our abilities to help other members.

We have had an exciting start to 2014 with the new Insurance Policy which is now available to members. The savings available are significant – some members have saved \$300 to \$700 on the policy which covers both the car(s) & caravan. This saving has been achieved after more than 3 years of negotiation by our National Caravan Clubs Association. I personally have saved almost \$400.00 on my previous policies which is very pleasing. Please contact your club delegates to get full details

This is going to be the start of further savings our National Association will be working towards for members. I together with Past President Brian Kelleher will be attending a Board Meeting in Sydney next month on your behalf.

The Caulfield Caravan Supershow is being held 6<sup>th</sup> – 11th March where our Association will be having a stand. I would like to thank the club members who have volunteered to staff the facility. Our main purpose for this stand is to promote club membership. We did have clubs disband last year due to lack of members – let's not have any more. It is very easy to talk with visitors to the show about why we belong to a club and the fun we enjoy. There are other shows later in the year at Wodonga, Sandown and Bendigo so please offer a few hours to make these shows successful.

Don't forget our Association State Rally in Colac in October, please encourage your members to attend this get together. It is always good to meet other club members every couple of years. Make a special effort to attend if you have not been able to make one previously – you will find the experience very enjoyable.

I wish all clubs a very successful rallying program for 2014.

Best wishes.

Peter Hillas

#### One Hand Washes the Other

The North East Victoria Caravan Club had the pleasure of experiencing this community phenomenon when it held its Annual General Meeting at the Springhurst Community hall recently.

With 20 Caravans in tow, the Club visited for the usual Friday evening meal that was catered for by the Chiltern Little Athletics Club who were the recipients' of the profits for the evening. The NEVCC then camped overnight and held their meeting during the afternoon to be followed by a

BBQ dinner catered for by the Springhurst Community Group. This busy group catered for a clearance sale during the Saturday as well as looking after the caravanners.

The NEVCC contributed to profits by spending a total of \$1000.00 that will find itself helping support community activities within this region, It is amazing how the activities of one group can have such a far reaching effect on the growth of others groups.

Thanks to the Springhurst Community for your hospitality and best wishes for the future.
